# The Chambre de commerce et d'industrie de Vaudreuil-Soulanges Recognized Among the Fastest-Growing Chambers of Commerce in Canada

**Vaudreuil-Dorion, June 12, 2026** – The Vaudreuil-Soulanges Chamber of Commerce and Industry (CCIVS) is proud to announce that it has been ranked 3rd among medium-sized chambers of commerce experiencing the strongest growth in Canada, according to the second annual ranking published by the Chamber of Commerce Executives of Canada (CCEC).

This national ranking highlights chambers of commerce that stand out for their growth, dynamism, and ability to mobilize businesses within their region. The category in which the CCIVS is recognized includes chambers with between 350 and 699 members.

For the CCIVS, this recognition reflects the economic vitality of Vaudreuil-Soulanges and the growing confidence of entrepreneurs, merchants, industries, self-employed workers, and partners in their regional chamber of commerce.

“This recognition belongs first and foremost to our members. Their engagement, trust, and commitment to showcasing our region are at the heart of this growth. The CCIVS is proud to serve as a hub for connection, representation, and development for the Vaudreuil-Soulanges business community,” said Frédérick Perrier, Executive Director of the CCIVS.

The CCEC ranking is part of its annual membership trends survey. This year, 156 chambers of commerce from across the country participated in the exercise. The results show that the chamber of commerce network continues to grow strongly in Canada, with 67.3% of participating chambers reporting an increase in membership and a national retention rate of 88.8%.

This distinction confirms the essential role of the CCIVS as a key player in collaboration, economic development, and representation for businesses in Vaudreuil-Soulanges. It also underscores the importance of a strong, engaged, and united business community in supporting regional economic growth.
